

## SAMPLE LESSON PLANS

### Grade 10- Safety and Injury Prevention

#### Unit 3

**SOLs:**

10.3.I Practice administration of emergency care.

**Title:**        **Emergency Care**

**Objectives/ Goals:** Students will practice administration of emergency care.

**Materials:**

- The American Red Cross School Safety Training Program <http://www.redcross.org/take-a-class/school-programs>
- American Heart Association *Tell the Story -911 AED Advocacy Lesson*
- Videos: *AED Instructional Video 2016, CPR Instructional Video 2016, Learn Hands-Only CPR, Staying Alive-CPR*
- *Online Anyone Can Save a Life E-Learning Module*

**Procedure:**

- Per the brochure, *Red Cross Health and Safety Training Program for Students*, visit the American Red Cross website for downloadable materials, videos, and trainers for a free student training program on First Aid and CPR for Students (2.5 hour program) .
- Various instructional videos (e.g., *AED Instructional Video 2016, CPR Instructional Video 2016, Learn Hands-Only CPR*) may be played as additional resources.
- The student-developed YouTube video *Staying Alive-CPR* is referenced as an example of a potential class activity for students to develop and film an educational first aid/CPR video.
- Another student activity idea *Tell the Story -911 AED Advocacy Lesson* is for students to write a paper advocate for, and educate the community about simple steps to save a life including 9-1-1 and CPR.
- Additionally, the *Anyone Can Save a Life Program* is an emergency action planning program for after school practices and events. A free e-training module on calling 9-1-1, CPR, AED use, and early transition to EMS is available at <http://www.anyonecansavealife.org/e-learning-module/index.htm>

## Assessment Ideas:

- Successful completion of tasks and activities associated with trainings.
- Students develop and videotape a CPR/AED demonstration.
