

Grade 5 Sample Lesson Plan: Community Health Fair

Examine community health issues.

Recognize parents, guardians, and other trusted adults as resources to promote health, prevent disease, and create a healthy community.

Identify how culture, family, friends, and the media influence health practices.

Promote the value of community health and wellness.

Advocate for a caring school environment.

together.

Promote volunteerism and community service

Objectives/Goals

- Students will coordinate a family and community educational event to promote health.

Materials

- School facilities and invited community health representatives

Steps

- Actively involve students in the planning and coordination of a community health fair that includes information and activity booths set up by local community health representatives.
- At each area of activity, have students collect stamps to denote participation.

Assessment Idea

- Evaluate student participation in planning, displays, and activities
