

Grade 8 Sample Lesson Plan: Negative Effects Research Project

Description

Please see attached handout for a lesson submitted by a Virginia teacher

Handout

The next page includes a handout for the lesson.

Negative Effects of Drugs

KWL-Q Investigation Project: Google Books

Engage	Your Task
<p>Key Questions: How do alcohol, tobacco and other drugs affect major body systems?</p> <p>How are medicines and supplements used responsibly and how are they abused?</p>	<p>Complete Jot Thought about teens in Fairfax County and Alcohol, Tobacco and Other Drugs.</p> <p>Click here:</p>
Explain	Your Task
<p>What do we KNOW?</p> <p>What do we WANT to KNOW?</p>	<p>Using the link provided: Fill in the K(What I ALREADY know) AND Fill in the W(What I WANT to know) For each of the 12 substances. At LEAST 1per substance on each form!</p>
Explore	Your Task
<p>What are we going to LEARN?</p> <p>With your group, you will now INVESTIGATE the substances with the URL's provided, and design a GOOGLE BOOK using the template provided to share the information you find on each of the 12 substances.</p> <p>URL's are in the template!</p>	<ul style="list-style-type: none"> • My advice is to split the substances up within your group. This averages out to 2-3 slides/pages to design per person. • Each group will turn-in one Google Book with the completed information shared to me. URL's will be provided to you to help with your investigation. (100 points and 20% of your Health grade!) • Each group member is expected to do their part and will be putting their name at the bottom of the slides/pages they designed. • All books should include a front cover with all author's names.

Apply	Your Task
<p>Using the information you found in your investigation, design one page per substance.</p> <p>Alcohol Tobacco Marijuana Spice (Synthetic Marijuana) Club Drugs (GHB, Rohypnol) Inhalants OTC (Dextromethorphan) Prescription Drugs Anabolic Steroids Dietary Supplements Stimulants (Meth) Heroin</p>	<p>Requirements-Complete the following for each substance. The book will be 13 slides/pages long.</p> <p>COVER PAGE</p> <p><u>Per Page:</u></p> <ol style="list-style-type: none"> 1. Name of Substance 2. Description of Substance 3. Short term effects: (2 minimum) 4. Long term effects (2 minimum) 5. Effects on Learning (2 minimum) 6. Visuals (1 minimum) 7. Creativity (Different fonts etc.) <p><u>CLICK HERE for the GOOGLE BOOK TEMPLATE!</u></p>
Share	Your Task
<p>When completed with your part of the book, determine who will be putting the book together. (1 person)</p>	<ol style="list-style-type: none"> 1. When one person in the group has all the shared pages, compile the book in Google Slides. 2. Share ONE copy of the book with me at srhowes@fcpsschools.net 3. Make sure all pages have student names on them.
Reflect	Your Task
<p>Think about what you have learned by completing this project. Was it easy? Was it hard or difficult?</p>	<p>After your book has been shared with Mr. Howes complete the <u>Q-EXIT TICKET</u>.</p>
